Attached are copies of Forms PTO-1449 for an IDS filed 25 March 1999 and 24 May 1999. The internal image file was unclear as to whether or not these IDSs were considered and/or if initialed copies were mailed to applicant's representatives. This prevented the allowed application from publishing. The IDSs have been considered and initialed and dated copies are attached hereto for applicant's convenience. The copies will be scanned into the internal image file to complete the file and allow publication of the allowed application. No response is needed by applicant.
